To Whom it may concern,

My Name is Casandra Villa, I work for REVOLVE. We work closely with Christopher O'Brien and his team from Proven.

Our company is publicly traded with many locations. The facility I work in houses eight hundred plus employees alone, so you can imagine the accumulation of sanitation between all locations and DC's. We were introduced to Chris about 12 months ago and quickly became a client.

During that short duration Proven has been a very reliable company to work with. They have delivered on their customer service promises, by promptly responding to our operational needs, act and handle all the back-end services from scheduling pickups to over the phone call services. They consolidate our invoices, manage inquiries providing us with detailed break downs on amounts and saving cost. The team is always there to respond back with any questions we have at any time of the day via email or phone.

I can definitely say they have lifted a huge weight of work off our plates and appreciate all the hard work and dedication they have shown to our company, we look forward in working with Christopher and his team on future projects as our company grows. They come highly recommended!

Please reach out should you wish to discuss directly with me.

Sincerely,
